

# 5 STAR CARE

Solving for India

HEALTHCARE

# 5 Star Care

## Why Choose Us?

It is a website that connects doctors, patients, and services like ambulance providers.

Medicine Home  
Delivery

AI detection of Disease

Online Doctor  
Appointment

Online Checkup

Quality  
Service

Briefly write something about the hospital. This will give the audience a better understanding about what you are trying to say.

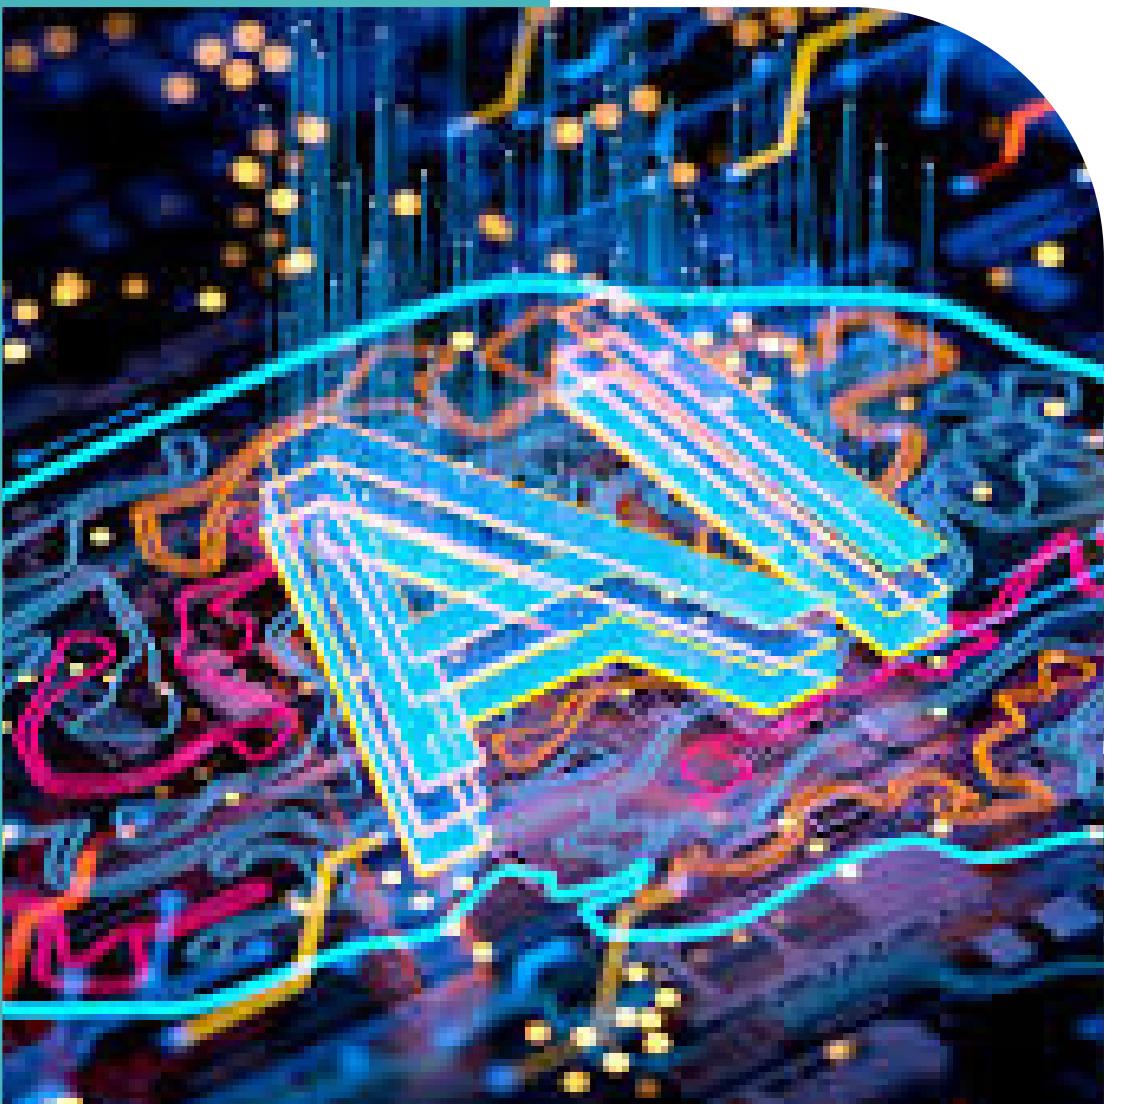

Briefly write something about the hospital. This will give the audience a better understanding about what you are trying to say.

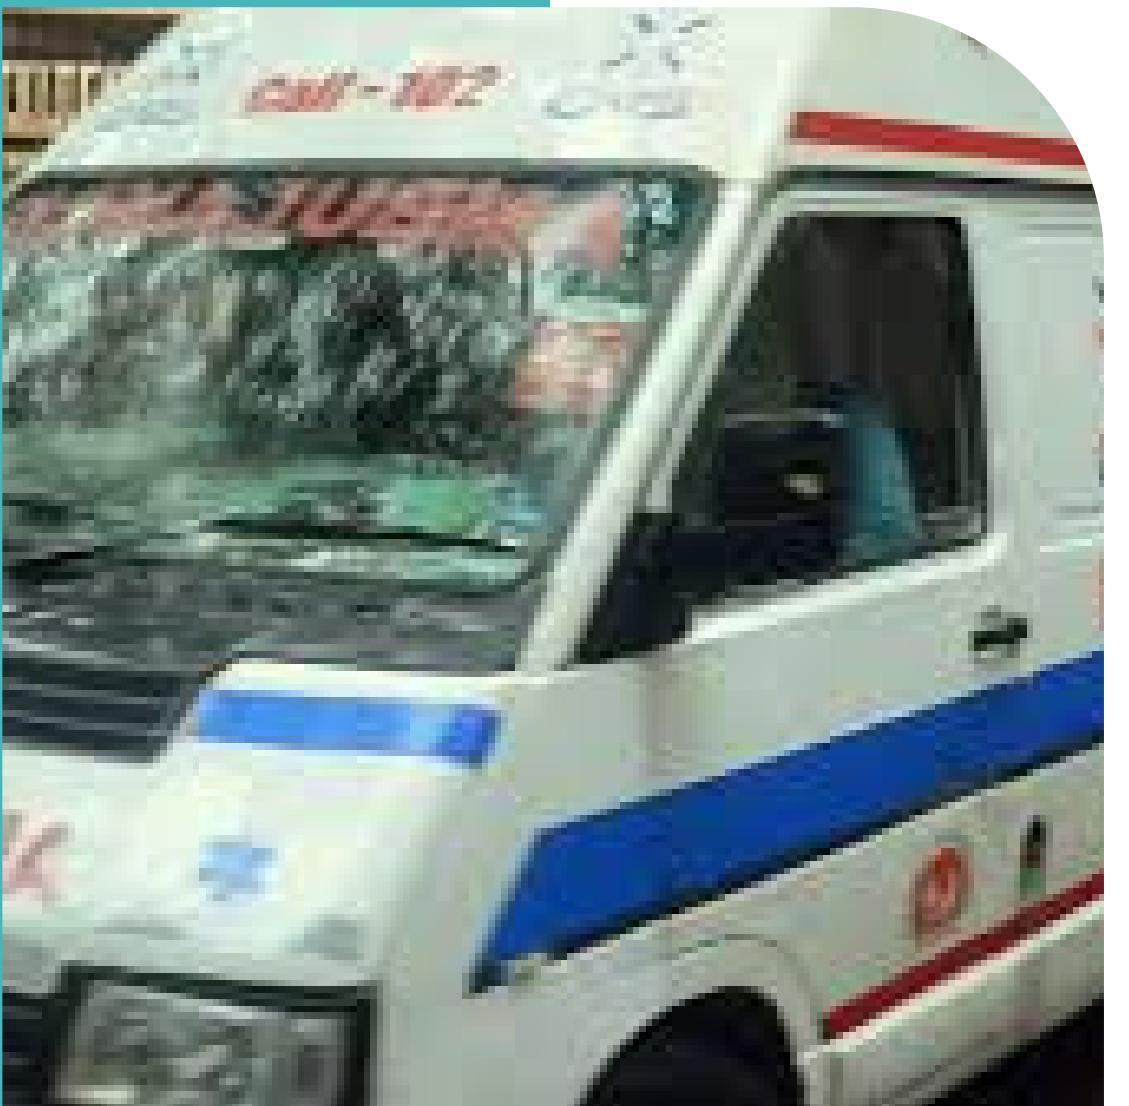

- Patients can book consultations with doctors
- Can upload their report
- Live video for counseling with doctors

- Can upload prescriptions for patients
- Can check patients' reports online
- Can fetch the details of patients from old records

Combines the data of all old records of blood tests and their resulting diseases and predicts the problem according to your blood test

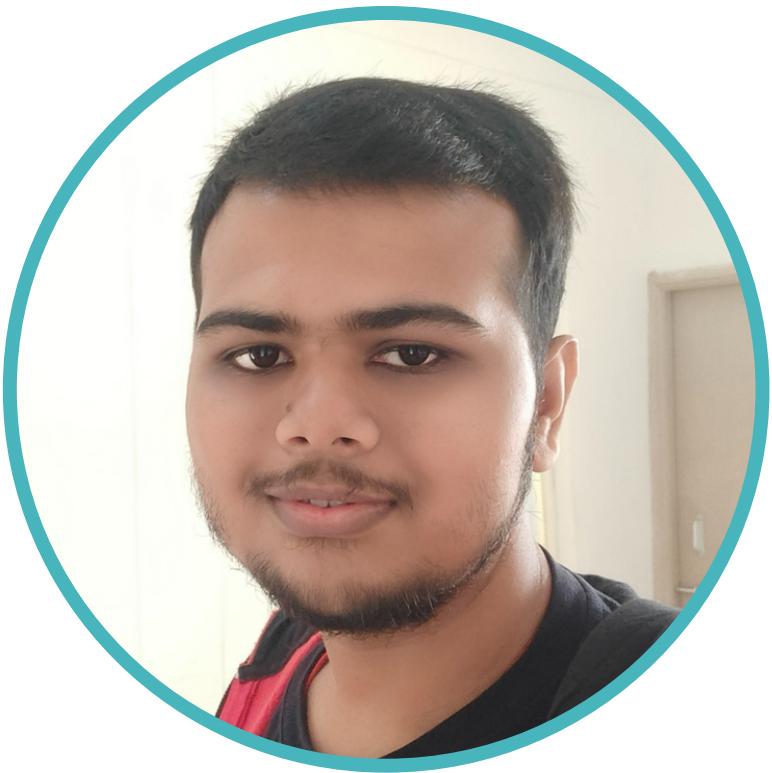

- Patients can book an ambulance
- Patients can check the live status of an ambulance
- Patients can check the availability of ambulances in the area

We can home deliver the medicines prescribed by doctors by contacting the pharmaceutical companies
